The sanctioned estimate has a provision of only Rs 1,560/- for temporary establishment The expenditure booked so far comes to Rs 2,244-14-0 The work to be completed in all respects will take another eight months The staff required would be two head coolies on (Rs 17-8-0 + 15/-0) per month and three survey coolies on (Rs 15/- + 12/-) per month Probable expenditure for the remaining eight months would accordingly be Rs 1,168/-

As shown above, the total amount of the estimate would come to Rs 3,420/- which would be in excess of the sanctioned estimate provision by Rs 1,860/- This excess amount will have to be met out of the provision made in the consolidated estimate submitted for construction of 50 units of "D" type quarters for temporary establishment and supervision charges and Miscellaneous and Unforseen items of work This is necessary as part, nearly half the expenditure incurred so far on temporary establishment denotes the salary of such establishment which was employed exclusively on supervision of the construction of "D" type quarters It is necessary therefore, to obtain sanction of Government to the consolidated estimate submitted already
